Description

bbalanced Ergoscreen

- Ergoscreen monitor mounts are carefully manufactured to meet all your requirements, at the right price

Key features :

- Free up your space: a monitor support allows you to clear a space of productivity by eliminating the feet of monitors.
- Unlock your freedom: raise, lower, rotate, tilt. The layout of your screens belongs to you.
- Take care of your health: thanks to the advanced ergonomics of the screen supports, you improve your ergonomic comfort from day to day.
- Keep wired : USB 3.0 extensions allow you to avoid cluttering up superficial cables. Cable covers beautify your space by hiding the cables.
- Effortless: Gas springs allow you to easily modulate the arms. Without forgetting the mounting, as simple as it can get.
- Be on quality: our products are guaranteed for 5 years. Opt for our installation service and enjoy a free additional 5 year warranty extension.
